Strong for the Regular

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, May 10.—[Exclusive Dispatch.] George A. Knight, who will be the chairman of the Lincoln-Roosevelt League, said today that the Republican State Convention will be a test vote for the league.

The league probably will concede the organization of the convention, and the selection of the delegates-at-large to the regulars in order to avoid a vote that could be taken as a test of strength.

At the close of a secret conference of league members last night, several members of the Lincoln-Roosevelt League, when put to the test, have proved to be as weak and flabby as some of its would-be leaders; official returns from every county where an election was held show that not more than 175 league delegates will sit in the State convention.

PITTSBURGH (Pa.) May 10.—[Exclusive Dispatch.] Draped in mourning, standing in his coffin, and clad in the robes of the dead, Staff Captain Trevet of the Salvation Army preached on "After Death, What?" this evening to a room crowded with people from the slums, at the Pennsylvania-avenue barracks.

For spectacular performances to attract the sinful, this evening's gathering outlasted all previous efforts, as Capt. Trevet intended it should.

Prior to the gathering at the barracks, the Salvation Army band, followed by the ladies with tambourines, held an open-air meeting on Diamond street.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, May 10.—[Exclusive Dispatch.] News has just been received in this city from London that Mrs. Cornelius Vanderbilt, who sailed for England on April 23, for the purpose of inducing her son, Alfred G. Vanderbilt, to a reconciliation with his wife, has failed in her mission.

As a result, the long-delayed divorce proceedings will be taken up again tomorrow.

Mrs. Vanderbilt has held a number of conferences with her son and daughter-in-law, and the information that she had failed in her efforts to induce the young man to see things in the light she did was contained in the following cablegram:

"The quicker the matter is settled the better it will be for all concerned. I regret my failure."

(BY DIRECT WIRE TO THE TIMES.)

HAUTSDALE (N. Y.) May 10.—[Exclusive Dispatch.] Mrs. Cornelius Vanderbilt and several friends from Manhattan, who were on their way this morning to dine with friends at Mount Kisco, were placed in a very much perturbed state of mind when the automobile in which they were riding was held up by Constable Townsend on Central avenue in Hautsdaile, for violation of the speed law.

The machine was owned, it was learned, by Mrs. Vanderbilt, and the county constable said he would have to place her chauffeur under arrest, as said by him that the car was found that it was traveling at the rate of twenty-eight miles an hour.

When the constable told Mrs. Vanderbilt that he would have to take the chauffeur before Judge Glover, at Ardsley, seven miles away, she became indignant.

The chauffeur was paroled in her custody in order that she might keep the engagement.

BELLFONTAINE (O.) May 10.—[Exclusive Dispatch.] The Countess of Warwick will address a mass meeting of 15,000 negroes here in August when she stumps the Eighth Ohio Congress District in an effort to land a Socialist in Congress.

Letters received by personal friends here from Congressman Ralph D. Cole, Republican, who seeks reelection, state that Mrs. Alice Roosevelt Longworth will not visit the district this fall and take part in the campaign, as was announced by her three or four weeks ago.

Because of the comment aroused by Mrs. Longworth's announcement that she would debate with the Countess on the stump, the President asked his daughter to reconsider her determination.

LAKEWOOD (N. J.) May 10.—Reports from the Lakewood Hotel tonight were that former President Cleveland had passed a comfortable twenty-four hours, and that his condition continues to improve.

The windows of the Cleveland apartments are full of flowers, which have been sent to the patient by friends.

Mrs. Cleveland left the patient twice today, this morning to attend services in the Presbyterian Church, where in past years she has been a regular attendant, and this afternoon for an hour's walk about town.

In reply to inquiries by friends in the church congregation, she stated that Mr. Cleveland was doing nicely, and had passed a comfortable night.

(BY THE ASSOCIATED PRESS—P.M.)

MEXICO (Alix) May 10.—A representative of the Associated Press arrived last night from Hermosillo, the capital of the State of Sonora, bringing the news that the Yaqui Indians are negotiating with the Mexican military officers to lay down arms and surrender as soon as the small bands on the warpath can be gathered at some point agreed upon by the Yaqui chiefs and the authorities.

Friday Col. Jose Gonzalez Salas and Capt. Luna Medina Barron returned to Hermosillo from the Bacolite Mountains, for many years a Yaqui stronghold, where a conference under a flag of truce was held with Indian Chief Luis Bulle and ninety warriors.

Capt. Barron informed the Associated Press that it was only a matter of a few days before all Indians would surrender unconditionally, but would request the Mexican government to grant them full pardon to return their families from the State of Yucatan and to build churches at points between Hermosillo and Guaymas, which it is believed will be done.

The news of the pending settlement of the Yaqui trouble is done through the State of Sonora and on the international line with great rejoicing, means millions annually to the State where millions of American dollars are invested in mines and agricultural lands.

The signing of peace articles between the Yaquis and the Mexicans is the greatest event in the history of Sonora.

tem Desired.

(BY THE ASSOCIATED PRESS—P.M.)

MANILA, May 10.—The disarming of the Basilian Moros is progressing without serious trouble. The Lanao districts are quiet, the trouble arising from the troops was recently operating having been suppressed, and neither general nor serious.

Maj.-Gen. Weston, who has returned from an inspection of the entire district, reports that the Moros are quiet, and that the troops are well behaved.

The government is being urged to secure a loan for the purpose of installing an extended system of irrigation. The islands must purchase 10,000,000 pesos worth of foreign rice this year, making a total purchase during the past ten years of 100,000,000 pesos worth. It is believed that irrigation will restore the crops.

Officers and enlisted men of the army are rejoicing over the passage of the army pay bill.

PARIS, May 10.—The recent expulsion of eight Frenchmen from Venezuela has served to increase the resentment of French public opinion against President Castro's arrogant treatment of foreigners.

The Temps, reviewing the situation, expresses regret that France did not send ships to bombard Puerto Cabello, instead of simply breaking off diplomatic relations when M. Taissy, the French chargé d'affaires, was expelled from Venezuela two years ago. It declares the time has come to act.

"The United States seems disposed to think," says the Temps, "as Senator Cullom declaring, that Castro deserved a good spanking. Never was there a more opportune occasion for President Roosevelt to use the big stick,

After mass a procession was participated in by all the societies. The devotion will end tomorrow with a procession and benediction. There will be a sermon in German tonight and in English tomorrow.

**"City of the Dead."**  
"Pompeii, the City of the Dead," was the subject of an interesting lecture last night in Symphony Hall, by R. R. Baumgardt. Mr. Baumgardt illustrated his address with a series of excellent lantern slides, showing the ruins of the city of Pompeii as it appears at the present day. Introductory to the lecture he made a brief explanation of the phenomena which caused the eruption of volcanoes and described the manner in which Pompeii and Herculaneum were obscured from the knowledge of man by the ashes and lava from Vesuvius.

THEOLOGY'S VICTIM.  
FEAR OF HELL  
DRIVES CRAZY.

Young Man Tries Four  
Times to Kill Himself.

Failing to Die by Hanging,  
Cuts His Throat.

Then Gashes Wrists and  
Takes Poison.

Rudolph Senke, 31 years old, and a bachelor, made four unsuccessful attempts to take his life yesterday. He lives in cottage at the rear of No. 229 Loma drive. He will be scarred for life. Three gashes across his throat, deep cuts on his wrists and red mark around his neck, give evidence of his desperate eagerness to die.

While alone in his room yesterday morning, Senke became temporarily insane. He is a member of the German Lutheran Church, and says the fear that everybody may go to hell drove him crazy. After treatment at the Receiving Hospital he became rational, and renounced to the surgeons.

"The desire came into my head to kill myself, and I just could not help trying to do it. I know it is wicked to commit suicide. I don't think I ever will try to kill myself again and I'm sorry for the trouble I have caused."

When the fit of mental aberration seized Senke yesterday he went to the barn and secured a halter strap, took it to his room, placed it across one of the rafters and buckled it around his neck. Then he stood on a chair, adjusted the strap and jumped. The leather broke and the buckle struck him in the eye, inflicting an ugly wound.

Disgusted at his failure, the young man took a razor, slashed his throat twice and bled down his chest. After waiting some time he felt very much alive, and so cut both wrists, but failed to sever an artery. Still feeling the end far off he swallowed a large dose of rat poison.

Hearing his moans, a neighbor came to his rescue, telephoned the police, and he was taken to the hospital. The poison did not seriously affect him, and after his wounds were stitched he seemed as well as ever.

Senke, who has lived in this city for some time, has recently been earning his living by doing odd jobs of gardening.

## ART AND CHARITY.

REAL FAIRIES TO  
ORPHANS' AID.

PASADENA MAIDENS GIVE PLAY  
ENCHANTINGLY.

Young Girls Who Will in Future  
Constitute Greater City Debutantes  
Set Present "Rescue of Princess  
Winemore" for Worthy Cause.  
Beautiful Costumes.

Fifty little orphans over in Pasadena are now better off by several hundred dollars and happier because of the earnest desire of twenty little sisters, fortunate in the possession of wealth and luxurious homes to raise by personal effort funds to aid in the work of the Pasadena Children's Training School.

These twenty girls, who will not constitute the debutante set of Pasadena society for some years, planned, an entertainment which for artistic beauty and the exhibition of real talent has seldom been equaled in the Crown City. They selected the fairy play, "The Rescue of the Princess Winemore," cast it themselves and, with the assistance of Miss Alice Craig, staged and presented it in a manner which was astonishing and delightful to the 200 persons who crowded the Shakespeare clubhouse auditorium.

The audience was made up of the elite of the city, and even standing-room was not available soon after the doors were opened. So captivated was the assemblage that there is little doubt that the entertainment will be repeated at an early date.

When the curtain rose showing an orchard with a greenhouse with bending over a seedling orchard and brewing a fatal potion, the picture was so realistic the audience broke into spontaneous applause. The witch, Miss Phila Miller, daughter of John B. Miller, wore a costume of vivid green, black and yellow, and skinned her waist and shoulders were the skin of snakes. Miss Kathryn Watkins, daughter of Walter L. Watkins, appeared in the scene as a terrible ogre with lightning in hand. She acted with great spirit.

At the ogre's command, the witch brews a spell to change Prince Hero into a dog and Frog-eye Ferson drag the pretty princess and prince to the ogre's tower. Miss Doris Campbell, as this cruel ogre, was convincingly fierce and unscrupulous.

The role of Princess Winemore was admirably taken by Miss Rodale Tanner, who wore an exquisite costume of pale blue panne velvet, trimmed with white, and a very valuable jewelry. Her round cap was trimmed with gold braid and her golden-gowned dress was of a fine material.

None of the costumes worn were of the ordinary stage variety, but were made especially for the occasion with great attention to detail and regardless of expense. The scenery, too, was painted especially for the play.

Miss Dorothy Linnard made a charming prince wearing court attire of black velvet, donkey, slashed with scarlet, and a jaunty cap. Her first appearance was greeted with applause, and throughout the performance she was warmly applauded.

In the second scene the King and Queen heard the howl of their children, and the Princess' costume was changed, bringing a train of fairies to her assistance.

ries, dainties and forget-me-nots, and the spectacular effect was charming. These were Misses Josephine, Saunderson, Doris Campbell, Arline Wagner, Doris Rockwell, Dorothy Linnard and Elizabeth Johnson.  
The fairies, Miss Helen Sherck, Caroline Wilkins, Elizabeth Johnson, Miriam Tibbets, Marjorie Newby, Beatrice Croft, Jean MacNeil and Harriet Tibbets, were bewitching in their gowns, and added to the entertainment by several sweetly-rendered choruses.

After the play the young girls in costume mingled with the audience, serving punch and selling candy, which swelled the proceeds. The dramatic mining provided the orchestra, Mrs. D. M. Linnard, the punch.

## ODD FELLOWS START.

Southern Delegates to Sacramento  
Grand Lodge Have Their Candidates for Two Offices.

Two hundred and fifty Odd Fellows and Rebekahs left by special train last evening from the Arcade station at 6 o'clock to attend the State Grand Lodge at Sacramento.

The chief interest in the contest for Grand Warden and delegate to the Sovereign Grand Lodge. The choice of the meeting for the first place will be in the direct line for succession to the highest place. Other offices are filled by regular promotion. "This year the southern lodge will have a candidate in T. W. Duckworth of San Bernardino," said a spokesman, "and the support of the Los Angeles delegation and probably that of those from other cities in this region. For the second place Past Grand Master C. W. Plue of Redlands is a candidate and is expected to receive united support from the South."

There has been some talk of Pasadena making an attempt to get the convention of 1936, but there is not likely to be much effort made, according to several of those who left yesterday, as the meeting was held in this section only last year and it is probable that it will go to Oakland, Santa Cruz or somewhere in the central part of the State.

There were parties from Los Angeles, Pasadena, San Bernardino, Redlands and Riverside on the special train.

Bavettville.

The second well on the Amalgamated Oil Company's lease covering a part of the Wolfkill ranch near Savettville, has been completed. The drilling will be in progress within a few days. Material is on the ground and work has begun on the derrick.

The site selected for the new well adjoins the tracks of the Los Angeles-Pacific electric road, a mile west of Beverly. A side track already has been put in, and the well prove of any capacity it will be favored so far as shipping facilities are concerned.

This new well, owned by the Amalgamated Oil Company, is an extension of the Salt Lake field, and is on the eighty-acre tract owned by the Amalgamated Oil Company, a corporation by the Santa Monica Land and Water Company.

## Labor:--

Brains and judgment are required in the selection of fabrics; in the cutting and fitting of the garments; in the office of a tailoring establishment, but in the putting together and making of the garments it takes labor—good skilled labor—careful, conscientious labor. The expert force of labor we have organized, accounts for the perfect workmanship in B. & K. Clothes.
